

Floor Finish 22

MINNCOR Floor Finish 22 provides a “dry-bright” finish to all types of resilient and hard floors.

FAST-DRYING, GREAT COVERAGE, NO BURNISHING REQUIRED

- ✓ Rapid coating can be done
- ✓ Saves both time and money

SELF-SEALING

- ✓ Tough, flexible, pliable finish

DRIES CRYSTAL CLEAR, UV RESISTANT

- ✓ No clouding
- ✓ Protects areas exposed to sunlight

SCRUB & RE-COAT FINISH USE

- ✓ For occasional burnishing or spray buffing

INCREASES TIME BETWEEN STRIPPING

- ✓ Provides long term economy

MICRO, NON-STYRENE POLYMERS

- ✓ Produces clarity & leveling for traffic lane touch-ups
- ✓ Bottom-up drying allows easy repair if walked on when wet

MINNCOR Floor Finish 22 is ready-to-use in 2.5 gallon, five-gallon and fifty-five-gallon units.

If needed, strip floor with MINNCOR Floor Stripper. Neutralize with MINNCOR Floor Neutralizer and clear water rinse. Check pH of floor to ensure that it is neutral. For porous floors, new floors or high traffic areas: apply two coats of MINNCOR Floor Sealer and four coats of MINNCOR Floor Finish. For non-porous hard floors: apply five coats of MINNCOR Floor Finish. For recoating: clean floor thoroughly with MINNCOR Cleaner and Conditioner, rinse and apply one to two coats of MINNCOR Floor Finish. (Coverage up to 3,000 sq. ft. per gallon for recoating.)
