

Contour Chair

The Contour Chair is designed to facilitate active and dynamic seated posture, defining it as one of the best ergonomic chairs around. Featuring a synchronized movement, the seat and back adjusts pneumatically that floats or locks in any desired position. Its seat has the ability to slant forward to accommodate individuals and the backrest can raise or lower to any position with the click of a button.

The Contour comes standard with horizontal and vertical adjustable arms which assists in sizing and comfort as well as an adjustable seat height to fit the individual.
