

Meridian Mid-Back Chair

When comfort and visual compatibility with other office seating is crucial, the Meridian Mid-Back is the perfect selection for any office environment. Featuring lumbar support, this ergonomic chair can be easily adjusted for comfort by the turn of a knob. Its seat pan has a slide feature with a five position lock-out that adjusts from 16" to 19". Other exciting features include its seat and back height adjustments, armrest height and width adjustments, and its backrest tension control.

The Meridian Mid-Back also has a reclining angle that allows the backrest to adjust 6 degrees forward and 10 degrees backward, making it the perfect fit. Its forward seat tilt goes from a locked +2 degrees to an unlocked -2 degrees and the waterfall front eliminates stress to your legs and thighs.

The Meridian Mid-Back is available in a variety of fabrics.
