

## Viper Chair

---

Need a chair that will hug your body the moment you sit down? The Viper Chair will do just that, designed for maximum comfort, it follows the lines and shapes of your body. This ergonomic chair features a contoured mesh back that allows for ventilation for the body heat. An upholstered seat is soft and plush that provides for longer hours of comfortable seating. The waterfall edge on the seat provides less stress to your legs. Other features include fully adjustable arms, lumbar support and back, and reclining tension and angle support.

The Viper is available with a pedestal base and comes standard in a black frame and fabric.
